Price unchanged for 9 years

**7 participants** in 2021 – EXPERIENCE > 10 YEARS

**Need to test another method, evaluate your staff?**

Order **additional test samples** (parcel in its entirety): **50 € excl. VAT** (excluding transport costs)

### Parameters to analyse

*(implemented in each proficiency test)*

#### 22M28B.1 - Waste water - sent in March 2022 - Refrigerated parcel

chloroacetic acid

#### 22M28B.2 - Waste water - sent in October 2022 - Refrigerated parcel

chloroacetic acid

### PARTICULARITIES

You will receive a concentrated solution in addition to the bottles of waste water. The analyses have to be carried out with the reconstituted samples.

If the number of participants is inferior to the threshold enabling to carry out a data statistical treatment, the performance assessment will only be expressed in terms of deviation with the value targeted by spiking for the sample preparation.
